

2010 Residential Products

Maximum Strength Warranties include:

- KeepRite® gas and oil furnaces, and R-410A based air conditioners, heat pumps, coils and small package products carry a **ten (10) year limited warranty on parts** including compressor and coils to original homeowner, when installed in an owner-occupied single family residence and properly registered within 90 days after original installation. (*See Warranty Certificate for registration instructions. Registration not required in all jurisdictions.*) Otherwise the warranty period is **five (5) years** from the date of installation. Heat exchangers carry longer limited warranty coverage that applies to original homeowners with timely registration. Otherwise heat exchanger warranties are 10-20 years from date of installation, depending on model. Check individual listings. Restrictions apply. See Warranty Certificate for details.
- The **No Hassle Replacement™** limited warranty provides a new equivalent replacement unit should the compressor, covered coil or heat exchanger fail during the No-Hassle period. Split system units must be matched with a KeepRite indoor coil or fan coil. Written authorization from your KeepRite distributor is required prior to replacing any unit. This warranty is a supplement to the standard product limited warranty. Restrictions apply. See www.KeepRite.com for the most current and complete warranty certificate for further details.
